# ABOUT TRANS WELLNESS ONTARIO

The mission of Trans Wellness Ontario is to enhance and sustain the health and wellness of transgender, genderqueer, two-spirit, non-binary, queer and questioning communities and their families. Founded in 2016 as a hotline and social support group for transgender individuals who struggled to find accessible and affirming health and social services in the community, we have since grown into the only community centre in the city dedicated specifically to addressing the often overlooked and underserved needs of queer and trans communities. We offer services uniquely catered to meet the intersectional needs of 2SLGBTQIA+ individuals and their families.
